

[Audio recording of me singing this song](#)

*Start with 6 foxes on a flannel board.*

*Singing:*

Little foxes, little foxes, all lined up in rows.

Little foxes, little foxes, bushy tail and black nose.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.

*Speaking:*

Just then, one fox dashed off into the trees! *Remove 1 fox.*

How many foxes are left in rows? Count with me!

1, 2, 3, 4, 5!

*Singing:*

Little foxes, little foxes, they play in the trees.

Little foxes, little foxes, tails flow in the breeze.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.

*Speaking:*

Just then, one fox jumped onto a big rock! *Remove 1 fox.*

How many foxes are left in rows? Count with me!

1, 2, 3, 4!

*Singing:*

Little foxes, little foxes, they play on the rocks.

Little foxes, little foxes, with fancy black socks.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.

*Speaking:*

Just then, one fox jumped into a lake! *Remove 1 fox.*

How many foxes are left in rows? Count with me!

1, 2, 3!

*Singing:*

Little foxes, little foxes, they play in the lake.

Little foxes, little foxes, big splashes they make.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.

*Speaking:*

Just then, one fox ran into a nearby cave! *Remove 1 fox.*

How many foxes are left in rows? Count with me!

1, 2!

*Singing:*

Little foxes, little foxes, they play in the cave.

Little foxes, little foxes, so cute and so brave.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.

*Speaking:*

Just then, one fox stopped to smell some lovely flowers!

*Remove 1 fox.*

How many foxes are left in rows? Count with me!

1!

*Singing:*

Little foxes, little foxes, they play by the flowers.

Little foxes, little foxes, lose track of the hours.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.

*Speaking:*

Just then, one fox ran to find the rest of her friends! *Remove 1 fox.*

How many foxes are left in rows?

ZERO! They're all playing!

*Singing:*

Little foxes, little foxes, they play with their friends.

Little foxes, little foxes, the fun never ends.

Little foxes, little foxes, in orange, white, and gray.

Oh, I love those little foxes, they just want to play.
